

Nana Mouskouri is a great gift to the world. What a privilege that I should have been able to work with her. How very fortunate for me that she is my friend. Anyone who has been touched by her great artistry has been shown how much beauty there is in life. May this, her 20th Anniversary as a performing artist be but a fraction of the years to come.

The world needs her.

Mes séances d'enregistrement à New York avec Nana Mouskouri ont été pour moi une des expériences les plus inoubliables de ma vie artistique.

Dear Nana
Twenty years ago, in this curious world, you raised your voice in song. I heard you then and I hear you now. I am still listening. We all are. May you continue to be as you have always been - strong, clear, simple and true.
